

as defined by EU-directive(s)

Directive 2014/68/EU

PRODUCT	Line Strainer
fabricate	PVC; DN32/d40 – DN80/d90 ; EPDM/FPM
type	S4

is developed, designed and produced in accordance with above mentioned EU-directive(s), under the own responsibility of

Company	Praher Plastics Austria GmbH, Poneggenstraße 5, 4311 Schwertberg
Conformity procedures	Category I, Module A

The durability of pressure and temperature depends on the material, the dimension and the actuating element. The user is responsible for a check if the product can be used. Therefore please use the technical datasheets which can be found at www.praherplastics.com

Applied harmonized standards, guidelines and specifications in particular:

EN ISO 21787 : 2006

EN ISO 15493 : 2003

A complete technical documentation is existing.
The associated operating instruction of the product is given.

Comments:

Valves with dimensions <DN32 are not part of this directive.
We make the advice that each self-contained change, through which the technical data are changed, excuses the Praher Plastics Austria GmbH from this declaration.
